Go Private Plan

The Company intends to change its status from a public company to a private company, including the planned delisting of its shares from the Indonesia Stock Exchange (the "Go Private Plan"), which will be carried out in accordance with Financial Services Authority Regulation No. 54/POJK.04/2015 dated 29 December 2015 concerning Voluntary Tender Offers ("POJK No. 54/2015"), Financial Services Authority Regulation No. 45/POJK.04/2024 dated 27 December 2024 concerning the Development and Strengthening of Issuers and Public Companies, and Indonesia Stock Exchange Regulation No. I-N dated 6 May 2024.

On 25 June 2026, Digital Edge (Hong Kong) Ltd ("DE") announced a Voluntary Tender Offer Statement to acquire all of the Company's publicly held shares. The Voluntary Tender Offer is being conducted in connection with the Company's Go Private Plan, which was approved by the Company's Independent Shareholders on 22 April 2026.

The Voluntary Tender Offer Price is IDR 11,500 per share, which is:

- 141.2% higher than the average of the highest daily trading prices of the Company's shares on the Indonesia Stock Exchange during the 90-day period prior to the announcement of the Go Private Plan (IDR 4,768 per share).
- 140.1% higher than the closing price of the Company's shares on the Indonesia Stock Exchange immediately prior to the announcement of the Go Private Plan (IDR 4,790 per share).
- 114,900% higher than the par value of the Company's shares (IDR 10 per share).

DE will bear all costs associated with the Voluntary Tender Offer transaction, including transaction fees charged by the Indonesia Stock Exchange and fees payable to the Indonesia Central Securities Depository (KSEI), but excluding any taxes that are required to be borne by each shareholder.

In the Best Interest of Shareholders

The Company's Go Private Plan is in the best interest of shareholders:

1. The Tender Offer provides shareholders with an opportunity to sell their shares at a premium price compared to the market price.
2. The Company has not distributed dividends to shareholders in the past.

If the Company successfully changes its status from a Public Company to a Private Company, shareholders who do not participate in the Voluntary Tender Offer will remain shareholders of a private company, whose shares will have limited liquidity and may be subject to greater tax implications upon any future sale of such shares.
